Michael:

Whatever you think. I have remorse over signing this deal. I felt like you guys all put us in a pressure cooker, as I kept saying throughout the negotiations. It was not a good deal for my brother and me. You guys were sort of looking out for us, but more so, focused on yourselves.

Hope you have a good evening.

All,

Please see the full statement we received from the other side. It is our understanding that the balance has grown even more over the last two weeks. The funds are fully invested in the market. You may want to evaluate the holdings; it seems most everything is in stocks and exchange-traded funds. Obviously, the market has been positive over the last 15 days. Specifically, the S&P 500 has been up over 4 percent since the last statement; however, the balance would drastically dip if there were some downturn.

Please let us know what you want us to do. We could ask Robin to secure the account in safe investments while this is pending or you could continue to keep the funds fully invested. Please let me know what you want to do or if you have any questions.

Regards,

Michael Trevino
